Bombillas vintage LED dimables. Cristal de color ámbar, filamento interior de LED. Luz cálida. Instalar sólo con dímers LED, nunca con dímers de pulsos. Consulte con un técnico cualificado

Dimmable LED vintage bulbs. Amber colour glass, inner filament of LED. warm light. To install with LED dimmers only, never use pulse dimmers. Please, consult a qualified technician

Tipos de LED en nuestros productos
Types of LED in our products

Además de las lámparas tradicionales que usan bombillas E27, E14, G9 y GU10, también ofrecemos productos con los siguientes tipos de circuito LED:
A) Alimentados por un driver LED, para convertir la corriente alterna en corriente continua:

- Tira de LED, donde los diodos LED están impresos sobre una tira flexible.
- LED sobre PCB, donde los diodos LED están impresos sobre una placa rígida.
- Circuito COB, donde múltiples diodos LED conforman un único módulo de iluminación.

B) Alimentados a corriente alterna (220V), sin necesidad de driver LED:

- Circuito COB AC

In addition to traditional lamps that use E27, E14, G9 and GU10 bulbs, we also offer products with the following types of LED circuits:
A) Powered by an LED driver, to convert alternating current into direct current:

- LED strip, where the LED diodes are surface mounted onto a flexible strip.
- LEDs on PCB, where the LEDs are soldered onto a rigid board.
- COB circuit, where multiple LEDs are bonded to a substrate to form a single module.

B) Powered by alternating current (220V), without need for a LED driver:

- COB AC circuit

Nuestros drivers dimables
Our dimmable drivers

Para determinados productos que incluyen un driver LED, presentamos nuestras luminarias con **dimado por Bluetooth**, para regular la intensidad de la luz desde un smartphone o tablet mediante una App.

Además, en determinados productos, desde esta App se **dim**a la **temperatura de color** de la luz, desde 3.000K (luz cálida) a 4.000K (luz blanca). Son compatibles con un interruptor de pared de encendido y apagado.

Busque la App **Smart Life** en su dispositivo o usando el siguiente código QR, y están disponibles diferentes opciones de uso, como agrupar varias luminarias para dimarlas de forma conjunta, autorizar a otro dispositivo para dimar el producto, fijar un horario de uso en el temporizador, etc.

En las hojas de instrucciones de nuestros productos, a las que puede acceder también desde nuestra web, se muestran las indicaciones para los primeros pasos en la App.

Además de la App, nuestros productos con dimado por **Bluetooth** también pueden usarse mediante un altavoz inteligente como Google Home o Amazon Echo si se añade un dispositivo Bluetooth Gateway.

Nuestros otros drivers led dimables funcionan mediante dimado TRIAC y/o 0-10V. Si desea adquirir nuestros drivers marca Schuller, de gran calidad, consulte con nuestros técnicos.

For certain products that include an LED driver, we present our luminaires with **Bluetooth dimming**, with the possibility to regulate the intensity of the light from a Smartphone or tablet through an App.

In addition, in specific products, the App can be used to **regulate the colour temperature** of the light, from 3,000K (warm light) to 4,000K (cool light). They are compatible with an on/off wall switch.

Search for the **Smart Life App** on your device or using below QR code. Different user options are available, such as grouping several light fixtures in order to dim them together, authorizing additional devices to dim the product, setting timer, etc.

Instruction manuals for our products, which can be accessed from our website, provide indications on how to get the App set-up.

Aside from the App, our Bluetooth dimmable products can also be used with a smart speaker such as Google Home or Amazon Echo with the addition of a **Bluetooth Gateway** device.

Our other dimmable LED drivers work by TRIAC dimming and/or 0-10V. If you want to purchase our high-quality Schuller brand drivers, please consult with our technicians.

Nuestras opciones de dimado
Our dimmer options

En este catálogo y también en nuestra web podrá distinguir los diferentes tipos de regulación de intensidad de luz (DIMADO), mediante los siguientes iconos:

In this catalogue, and also on our website, the following icons allow you to differentiate between the different types of light intensity regulators (DIMMERS):

Luminaria que admite ser dimada con un regulador de pared del tipo TRIAC ó 0-10V (según se especifica en la ficha técnica de producto en **www.schuller.es**, el uso de un tipo de regulador de pared diferente puede dañar el driver LED).

Light fixture that can be dimmed with a TRIAC type wall dimmer or 0-10V (as specified in the product technical sheet at **www.schuller.es**, the use of a different type of wall dimmer may damage the LED driver).

Luminaria que incluye un dispositivo de dimado propio (DIMMER) y su mando a distancia por radiofrecuencia.

Light fixtures that include their own dimmer device (DIMMER) and radio-frequency remote control.

Luminaria dimable por BLUETOOTH, mediante una App para smartphone o tablet.

Light fixtures which are dimmable by BLUETOOTH, using an App for smartphone or tablet.

Luminaria dimable por **BLUETOOTH** que además permite regular la temperatura de color, desde 3.000K (luz cálida) a 4.000K (luz blanca), también desde una App para smartphone o tablet.

Light fixtures which are dimmable by BLUETOOTH and also allow the user to regulate the colour temperature, from 3,000K (warm light) to 4,000K (cool light), also from a smartphone or tablet App.

Consulte la ficha técnica de producto en nuestra web para ver los datos técnicos, componentes y tipo de dimado.

Consult the product technical sheet on our website to see the technical data, components and type of dimming.
